SPLIT END REPARATIVE

1. Apply approximately $\frac{1}{4}$ **ounce** of *Forever Ends* to freshly washed, towel-dried hair. Apply *only* to the bottom (2 to 3 in.) of the hair.
2. Comb product throughout the ends to ensure complete and even distribution.
3. Blow dry the hair completely using high heat + a round brush.
4. Once the hair is dry, take 1" to 1 $\frac{1}{2}$ " sections of the hair, press with the flat iron, 3 times to seal the ends.

Note: Iron temperature should be between $350^{\circ} + 410^{\circ} F$, depending on the client's hair texture and porosity.

"STYLIST DISCRETION:

SILKY BLOW OUT CREAM

1. Apply *Forever Ends* to freshly washed hair, using just enough to work through hair evenly. *Do not apply at the roots.*
2. Comb through to ensure even distribution.
3. Blow dry using a round *Boar-bristle* brush.

Results: Shiny, Soft, Silky hair!
