

Forever Ends

- Repairs frayed ends
- Resurfaces frazzled strands
- Rejuvenates shine and manageability
- Restores strength and resilience

To use for split-ends:

1. Apply approximately ¼ ounce of Forever Ends to freshly shampooed, towel-dried hair. Apply only to the bottom 2 to 3 inches of hair.
2. Comb product throughout the ends to ensure complete and even coverage.
3. Blow dry hair completely using high heat and a round brush.
4. Once hair is dry, take 1" to 1 ½" sections and flat iron each section 3 times to seal ends. Note: Iron temperature should be between 350°F and 410°F, depending on hair's texture and porosity.

To use for silky blow out:

1. Apply Forever Ends to hair, using just enough to work through hair evenly. Do not apply at the roots.
2. Comb through to ensure distribution.
3. Blow dry using a round boar bristle brush.

The result: The look of ironed hair, without the iron. Silky, sexy and sassy.

What makes Forever Ends work?

Brazilian marine algae

Hypnea Musciformis Extract

High antioxidant power keeps hair healthy. Deeply moisturizing for sexy softness.

Gellidiela Acerosa Extract

Rich in amino acids to restructure hair. Soothes and smoothes.

Sargassum Filipendula Extract

Nutrient-rich to infuse needed strength. Binds moisture to keep hair thick, lush.

Acai fruit extract

Strong antioxidant that adds a seal of protection.

Forever Ends protects hair against daily styling and environmental damage for up to four weeks.

Untreated Ends

Ends treated with Forever Ends

Recommend these Trissola care products to keep client's hair healthy between salon visits.

Trissola Hydrating Shampoo & Conditioner

Panthenol, keratin, essential oils and extracts infuse hair with moisture; add shine. Complex fatty acids enhance and provide water retention; improve hair's overall health. Sulfate, phosphate and paraben-free. Color safe. With UV protection.

Trissola Intense Hydrating Mask

Essential oils and extracts, panthenol, keratin and UV absorbers revitalize damaged, over-processed hair. Dramatically improves hair's texture, elasticity and bounce. Sulfate, phosphate and paraben-free.

Trissola Leave-in Conditioner

Panthenol strengthens hair, preventing additional split ends; shielding hair from heat damage. Extracts prevent breakage; vitamins hydrate, keep color vibrant; provide antioxidant protection. Silk amino acids smooth, de-frizz and restore hair's natural moisture. Sulfate, phosphate and paraben-free.

With Trissola, healthy looking and feeling hair is forever.
